**Details:**

<https://apecseminar.github.io/>

## ***ABSTRACT:***

*This one hour workshop will present some thoughts about meeting other people in the profession at conferences, seminars, and online. The goals are to: 1) become more familiar with different approaches to networking, 2) consider your objectives when building a network, and 3) practice low-stakes conversations introducing yourself and your research to others. There will be substantial opportunity for Q&A.*
